Contributions to Northwest Chess are welcome. Where ever possible, submit copy typed in columns 4 5/8 inches wide (46 pica typewriter spaces) using a good typewriter ribbon for clean black impressions, and single spaced. PLEASE AVOID sending material which is too thin or too thick to fit in one column, or if a crosstable, two. Games should be in descriptive notation. Photographs and artwork from any source are welcome. Hand written material should be sent well in advance of deadline for typing. Letters for publication are encouraged. Send material to the Staff Editor, Willie Skubi.

DEADLINES: February issue, January 22; March issue, Feb 24; April issue, March 23rd,
Material must be received by the deadline!

EDITOR'S CORNER

Along with the Christmas mail, material for the January issue came flooding in --enough for forty pages! Despite the fact this again left some contributors out, (hang in there until next month) it also meant pictures, games, cartoons and what-have-you. I'm still anxious to receive lots of games in particular.

A good deal of the artwork and experimentation in this issue is due to Tim Kauppila's efforts.

As a result of insistent demands, your editor rented and has installed a phone, MA 4-5076 in Seattle.

If you are a responsible Wash., Oregon or B.C. chessplayer, why not consider running for N.W.C. Editor in the March WCF Elections? I want OUT, due to a time pressure horror; drop me a note.

Robert Zuk was down-hearted after his no-loss streak was ended at the Northwest Open. Bob's play has been phenomenal and I am sure we all hope that he will rebound from this set-back.

Photo by Kauppila

George Krauss nearly swept the Northwest Open, held Nov. 27-28-29 at the Boeing cafeteria in Seattle, but his 5½-½ score was good enough to take all the goodies home. Kent Pullen, in one of his rare tournament appearances, took clear 2nd, and Bob Zuk took 3rd.

The tournament was rather unusual in that the three top-rated players--Zuk, Viktors Pupols, and Peter Biyiasas--were defeated by Gerard VanDeene, Kent Pullen, and Clarence Hoggatt, respectively, in the third round. Only Zuk among these managed to stay in the prize money, although Biyiasas was in the running all the way. Biyiasas kept us up until 2:00 a.m. trying to beat Krauss and then Pullen, but drew them both and fell short. Pupols, after losing to Pullen, lost his adjourned game from the 2nd round to Walter Gentala and was eliminated. According to Krauss, Gentala might have walked away with a piece of first since he had Krauss busted in their 5th round game.

Apparently inspired by gaining a point via a bye, Mitch Skreen went on to win his last two games to take the unrated prize. Brent Cristel, playing in his first tournament, turned in a fine performance, but did not get a bye and had to be content with the 2nd unrated prize. Other prizes are shown on the cross table. Notice that the Class "C" winners scored higher than the "B" winners.

Thanks go to the 33 players, who, while unexpectedly few in number, really came to play chess. There was only one forfeit in the entire tournament, and that by one who had to get across the pass in daylight under threatening skies. Thanks go also to Marty Gray and Angus Pitt of the Boeing Chess Club who arranged for and policed the site. T.D. was Sally Pupols.

It is hoped that accommodation at reasonable prices can be arranged at the UBC Residences, which at that time will be empty. Persons interested in securing accommodations should write to Dr. E. Macskasy, #316 - 4683 Arbutus St., Vancouver 8, B.C., or to our Secretary, (C.F.C.) Mr. G.H. Bryant, 1337 The Crescent, Vancouver 9, B.C.

I would like to remark that the Ponderosa Cafe is very spacious and has the advantage that one can get coffee and sandwiches, possibly also hot meals, at the spot. It is, furthermore, within walking distance from the Cecil Green Park where the F.I.D.E. Congress will be held.

Flash - N.W. Jr.

The N.W. Jr. was played Dec 27 - 28th at the Seattle YMCA and attracted a 42 player turnout. Winners were: 1st, Peter Biyiasas, 2nd place Tim Kaupila and Robert Ruotsalainen tied. See next month's NWC for full report.

Used for matches between the State of Washington and the Province of British Columbia since 1946. - It will once again be at stake at the Peace Arch Open, Jan. 23 - 24, in Bellingham.

Tornado #1 saw one upset as Bob Zuk not realizing that the secondary time control was 20 moves each half hour, overstepped the limit in a drawn end game with Russ Vogler. This set up a five way tie for first place, all with a 3 - 1 score.

In tornado #2 Bob made no mistakes, taking it four straight. Harry Melchior and Barry Thorvardson tied for 2nd - 3rd. Bob Irwin gave a very good account of himself, drawing both Melchior & Thorvardson, and losing only to Zuk in the last round.

Due to the snow and icy roads, only three Washington players managed to make it, consequently the challenge match for the "International Peace Arch Trophy" was called off. Hopefully things will turn out better in Bellingham at the Peace Arch Open, where the Trophy will again be at stake.

Nevertheless, the tournament, now a straight five round Swiss, went on as scheduled. The out of town players, coming out mainly for the match, nearly outnumbered the local Vancouverites. Seven players came over by Ferry from Vancouver Island (Victoria - Nanaimo), Sam Lysne drove all the way from Kelowna, Rusty Miller and family from Yakima, while Gene Natt-och-dag and John Miller came up from Bellingham.

The event brought out nearly all of B.C.'s top players, five masters, one expert and nine Class "A", to make it another of those top heavy B.C. events.

No real upsets were scored, Dr. Macskasy over looked a piece in the third round against Ray Kerr, while Ray did the same for Richard Pomfret in the fifth. Dr. Macskasy slipped on a patch of ice between the second and third rounds, giving his head a severe bang, this in all fairness to him may account for his loss and draw against Russ Vogler in the fifth round.

Bob Zuk and Peter Biyiasas shared 1st and 2nd prize money, (\$45.00 each) giving up only a draw to each other to post a 4½ - ½ result. Then came a five way tie for 3rd and "A" class between Pomfret, Vogler, Macskasy, Thorvardson, and Brown, all with a 3½ - 1½ scores. William Van Camp took the "B" class while Gene Natt-och-dag rapped up the "C" and urd. prize.

My special thanks to Mrs. Kathy Miller, who took on the job of T.D., which allowed me to play my games in peace! Thanks again Kathy.

VICTORIA - NANAIMO MATCH

The match was close and should have been closer. Both Foan and Longley lost needlessly and their half points would have tied the match. Ray Kerr, the highest rated player on Vancouver Island, played an anti-positional type of opening and was deservedly punished by Fred Schulz in an excellent game. A good sign for the future was the performance of our two youngest players, Chris Jones and Jim Cookson who both won their games.

Just received last minute updating of the Nanaimo and District Championship from Brian Foan.

Section A		Section B	
Fred Schulz	7 - 2	Chris Jones	6½ - 1½
Brian Foan	6 - 3	Fred Jepson	5½ - 2½
Brian McLaren	5 - 2	George Pedersen	5½ - 2½
Dave Shiu	3 - 2	Jim Cookson	4 - 2
Bill Parker	2 - 5	Ray Burley	3 - 4
Art Jordan	1 - 2	Jens Neilsen	2 - 5
Gordon Sanborn	0 - 8	Ian Cookson	2 - 5
		Denis Longley	1½ - 4½
		Adam Charchuk	0 - 3

The three top players in Section B have completed their games and Chris Jones has won the tournament. Jim Cookson with two games to play can still make second place. The A Section due to it being a double round affair and the late entry of Dave Shiu is proving a drawn out affair and will continue into the New Year.

B.C. JUNIOR

Chess

BY MIKE POTOMA

Greater Vancouver Inter-School Championship was held on Sat. Dec. 5th at the Renfrew Community Centre. Winston Churchill led by Harry Satanove, the 1970 Vancouver Junior Open Champion on board one, captured the Greater Vancouver Inter-School with 22 points out of a possible 24. Their bid for a perfect score was marred in round 3 when Sutherland obtained wins on boards 2 and 3. The first four boards of the Churchill team had players who did very well in the past two junior tournaments. Sutherland, a junior secondary school that has a very active chess club, surprised their older opposition, by easily coming in second. Martin Eade playing second board, had a perfect score. Whether this result was due to his skill over the board or in his ability to talk his opponents into submission is still too early to determine. Burnaby North Secondary, handicapped by playing with three players absent, just managed to escape last place, which went to Newton Junior Secondary. Newton, a very young team entering their first competition, appeared to be a little nervous and unsettled. They do deserve credit for their keen interest in participating and for never losing heart throughout the competition.

5. I was hoping for N-KB3, so that I could play QN-Q2 and not fear the exchange variation which Bob usually plays when I try for the Cambridge Springs Variation.

5. ---, P-KR3?!!; can not find this move, at this point, in MCO or anywhere else, but it looks interesting.
10. Perhaps P-QR3 first, as Blacks Knight would then have only QN2, and that doesn't hold too much joy for it there either.
11. B-QN1; This stops the exchange of the Bishop, but loses a tempo.
14. O-O, I was surprized that White would Castle King side with Blacks Pawns so far advanced?
18. P-QB5! now, would force the Black Queen to QB2 as he would not be able to hold with Q-KB3 as in the game. Then a build up on the Black Night would have proved fatal.
27. If say, R-K2, N-Q4; 28. NxN, QxN; gives Black good chances and at least equality.
31. RxR would be better here for White, at least Black wouldn't gain the chance to exchange Queens.
35. ---; if PxP; 36. PxP! wins, ie: N-Q6; 37. N-R4, P-QN4; 38. PxP, PxP; 39. R-B3! and the KRp goes with check, and then another attack on Blacks Knight should win another.
40. ---; if R-K3; 41. N-KB4! wins the KRp. By 40. ---, R-K6; White must lose one of his Pawns.

53. White has been trying his best to suck Black into a cheap-o mate.
57. ---, RxNP; looked better than it actually was.
60. At this point White ran out of time with only one move to make. 60. R-KR8, K-N7; 61. RxPch, KxR; 62. NxQBP, KxP; 63. N-Q3, and a draw would have resulted.

6. The Book continues P-K5, N-K1; 7. N-B3, N-Q2; 8. B-B4, N-N3; 9. B-N3, P-Q4; 10. O-O, P-QB3; and gives White a slight plus, which I can't really see?

7. BxN, - this idea reminds one of the Nimzo-Indian or French, in which Black usually gets an inferior game if he retreats his Bishop when attacked by Whites QRP, so why should White lose a tempo by retreating?
12. Whites King side Pawns may be out on a limb but the last three moves cost White no tempo lose, and Black sure didn't gain anything.
13. P-QR3, - unnecessary as Blacks QN has no choice but to go back to N1 on 13. P-Q5.
17. ---, PxpP??; 18. QxPch, etc.
20. N-B7?, must have seen a mirage, missed the fact that the Black KB can go to N2 after QxNPch. Should have played 20. RxRch !!, if (a) QxR; 21. QR-KB1, Q-K1; 22. R-B7, and Black is finished. (b) KxR; 21. QR-KB1ch, and the same position results. (c) BxR; 21. P-K6, B-R3; 22. N-B7, and the end is near.
21. ---, R-R2?; nearly blows the game for Black, R-N2; was better.
25. ---, if RxR?; 26. QxPch, and Black loses everything.
28. NxBPch, RxN; (if K-N1; 29. N-K7ch, K-R1; 30. N-N6ch, either forces a draw or RxN anyways.) 29. QxR, BxR; 30. RxB, Q-K6ch; 31. K-B1, Q-R6ch; (Q-B8ch; 32. K-N2, and Black loses.) 32. K-K1, Q-KN6ch; 33. K-Q1, Q-N8ch; 34. B-B1!, Q-Q5ch; 35. B-Q3, (now White can use the Rook to Block checks as the Bishop is now aiding the Queen to mate in one.) Q-N8ch; 36. R-B1, and it's all over. If Black, 35. ---, Q-QR8ch; 36. K-K2, R-K1ch; 37. B-K4 and Black is still dead.
33. ---, if RxB; White can draw by checking with the Queen.
47. The final blunder, however White would find it very hard to avoid losing eventually.

The Time Pressure Horror

THOUGHTS ON THE TIME PRESSURE HORROR

By Wm. Abbott

TO EVERY EXPERIENCED TOURNAMENT PLAYER IT HAS BEEN GIVEN AT ONE TIME OR ANOTHER TO PARTICIPATE IN A GAME IN WHICH ONE OR BOTH PLAYERS HAVE FALLEN INTO SEVERE TIME PRESSURE. FORTUNATE IS HE WHO HAS NEVER FOUND HIMSELF ON THE WRONG SIDE OF THE CLOCK--THAT IS TO SAY, ON THE FASTER SIDE. SCARCE ANY SITUATION COULD BE CONTRIVED BETTER TO TEST A PERSON'S NERVE: NEVER WAS A PLAYER WHO EMERGED UNSCATHED FROM SUCH AN EXPERIENCE BUT WITH A SENSE OF THE PROFOUNDEST RELIEF. SOME PLAYERS ARE MORE ADDICTED TO THIS PECULIAR MALADY THAN OTHERS, WHILE A FEW SEEM TO TOTTER PERPETUALLY ON THE BRINK OF DISASTER. AMONG LOCAL PLAYERS DR. KELLY, RON WRIGHT AND THIS WRITER APPEAR THE MOST CHRONICALLY STRIKEN. PERHAPS I SHOULD MENTION THOMAS NELSON AND

ARMAND BOSCO, AS WELL. THE LOSS OF AN OTHERWISE WELL CONDUCTED GAME ON ACCOUNT OF SOME (SEEMING) QUIRK OF THE CLOCK STRIKES THE VICTIM AS THE GROSSEST INJUSTICE. THIS IS UNDERSTANDABLE TO ANY WHO HAS SO SUFFERED, YET THOUGH THE EVENT IS TO BE LAMENTED, IT IS A REALITY OF TOURNAMENT PLAY AND MUST BE FACED UP TO. ALL PLAYERS WOULD BE WELL ADVISED TO CONSIDER BEFOREHAND HOW BEST TO MEET SUCH A CONTINGENCY, BOTH FROM THE POINT OF VIEW OF THE PLAYER IN TIME PRESSURE AND FROM THAT OF HIS OPPONENT. THE PLAYER WHO FINDS HIMSELF SHORT ON TIME (ALWAYS INEXPLICABLY SO!) HAS, OF COURSE, FEWER OPTIONS AS TO HOW TO PROCEED THAN HIS OPPONENT. THERE ARE, HOWEVER, THREE POINTS HE OUGHT TO BEAR IN MIND, HAVING ALREADY--IT IS PRESUMED--VOWED NEVER AGAIN TO FIND HIMSELF IN SUCH DIRE STRAITS.

FIRST OF ALL HE SHOULD REALIZE THAT NO MATTER HOW CRIT-

ICAL THE POSITION, AND NO MATTER HOW BRILLIANT A MOVE HE IS ABLE TO COME UP WITH, HE SIMPLY MUST LEAVE SOME TIME FOR REMAINING MOVES. IT IS BETTER TO MAKE A SECOND OR THIRD OR EVEN FOURTH BEST MOVE AND TO CONTINUE DOING SO, THAN TO REACH A POINT IN WHICH IT IS NEXT TO IMPOSSIBLE, MECHANICALLY, TO MAKE SUFFICIENT MOVES TO AVOID A TIME FORFEIT. NOW THIS MAY SEEM OBVIOUS ENOUGH, IN POSITIONS IN WHICH ALMOST ANY MOVE AT ALL WILL DO, TAKE SO MUCH TIME THAT LITERALLY THE ONLY HOPE OF THEIR RESPECTIVE OPPONENTS--A FORFEIT--WAS REALIZED. SECONDLY, IT IS IMPORTANT FOR THE PLAYER TO RECOGNIZE, ONCE THE FLAG BEGINS TO CAST ITS SHADOW OVER THE GAME, THAT THE POSITION ON THE BOARD MAY NOT BE EVEN THE PRIMARY, MUCH LESS THE ONLY FACTOR HE SHOULD TAKE INTO CONSIDERATION IN ASSESSING HIS PROSPECTS, HE MAY BE FIVE PIECES UP AND STILL HAVE THE WORSE OF IT (WELL, ...).

IF HIS OPPONENT OFFERS A DRAW, AS FREQUENTLY HAPPENS IN SUCH CASES, HE MUST DECIDE WHETHER HIS MATERIAL AND POSITIONAL ADVANTAGE REALLY OUTWEIGHS HIS DISADVANTAGE ON THE CLOCK, TAKING INTO ACCOUNT, TOO, HIS OWN PAST PERFORMANCES IN TIME PRESSURE. IF THE BALANCE IS NOT IN HIS FAVOR, THEN BY ALL MEANS HE SHOULD TAKE THE DRAW. OF COURSE IT IS SELDOM EASY TO BE OBJECTIVE IN SUCH SITUATIONS, ESPECIALLY IN A GAME HE HAS FELT HE WAS WINNING ALL THE WAY.

THE THIRD POINT IS MAINLY APPLICABLE WHEN BOTH PLAYERS ARE IN TIME PRESSURE. IN MOST TOURNAMENTS THERE ARE MANY CIRCUMSTANCES IN WHICH A CLAIM OF A WIN BY TIME FORFEIT WILL BE ENTERTAINED BY THE T.D. ONLY IF THE CLAIMANT IS ABLE TO SUBSTANTIATE HIS CLAIM WITH A SCORE SHEET (HIS OWN), SHOWING THAT IN FACT THE TIME CONTROL HAD NOT BEEN MADE BY HIS OPPONENT, WHOSE FLAG HAS FALLEN. HENCE THE CLAIMANT'S SCORE MUST BE UP-TO-DATE IF IT IS NOT, HE MAY BE GIVEN ONLY THE TIME REMAINING ON HIS OWN CLOCK FOR THAT TIME CONTROL TO COMPLETE IT. AS HE HAS HIMSELF ONLY A VERY LITTLE TIME LEFT, HE CAN'T BE MORE THAN A COUPLE OF MOVES BEHIND IN HIS SCORE, OR HE MAY BE UNABLE TO UPDATE IT IN TIME. IT IS WELL TO BE AWARE OF THESE POINTS (AND A GOOD IDEA TO CHECK WITH THE T.D. BEFOREHAND TO FIND OUT JUST HOW HE WILL RULE IN DIFFERENT CASES)

The danger lies in too great a preoccupation with the score. This writer has lost two important games in recent memory (vs. Dr. Hestenes in the 1968 Schwarz Candidates, and vs. R. Mann in the first round of the last Schwarz Memorial) because, in mutual time pressure he made an error in his score and lost valuable time trying to ferret it out. It is important always to maintain a current score, but it is more important to make good moves (no revelation surely), and if in such situations one is to be sacrificed to the other, make no mistake which is to be let go.

So much for playing in time pressure.

How best to capitalize on an opponent's distress? No situation is more encouraging than to have an opponent left with only minutes (say two or three) for fifteen or twenty moves. How dismal a prospect for him! How splendid an opportunity for us . . . what though we be two pieces down! Obviously, he has little or no time of his own., Let's not give him any of ours in which to ponder., we will play him blitz . . . surely he will lose on time. Let's see, that gives us 3 and a half to 1 and a half . . . why the "B" prize is ours already.

Well do I remember what, in this regard at least, stand out as the most sterling exhibition of sang-froid I have ever seen. It was in, I believe, the second round of the 1965 Midwest Open in Lincoln, Nebraska, in a game between Richard Moore, formerly of Denver and Fred Bristol, then of Emporia, Kansas. At the time a high "B" player, Bristol was spotting 400 points to his top seeded opponent, and was defending with a Falkbeer Counter Gambit. Both players had about 25 moves to go to make the control, Bristol with ten to fifteen minutes, Moore with probably less than two minutes remaining on the clock. Bristol's shortage wasn't enviable, but it was nothing next to Moore's. To make matters worse (we all like to see the higher rated player win = right?) Bristol was something like a piece to the good, and had an absolutely crushing position besides. Surely, a stunning upset in the making . . . Moore must soon be mated, that is, if his flag doesn't fall first, as it is almost sure to do. No sense in giving the stronger player extra time to think, and perhaps to pull off a swindle. Why not make matters doubly sure . . . and simple . . . by just running him out on time? Well, that is what Bristol tried to do. Instead (mirabile dictu) his own king got ensnared in a mating net, and he didn't even give himself time to see the mate coming. Amazing! I can still see the look of consternation on his face.

Truly countless are the games that I have observed, even in my own after all not very extensive tournament experience, in which a player lost because of his opponent's time pressure. There can be no greater temptation, I KNOW, than to try to run a time-pressed player out on the clock. With rare exception, there can be no greater folly. There is no point even in having a time advantage, if you are not going to use it. If your opponent is a better rapids player, such a policy is insane. Indeed, there are a number of strong players who are well known for getting intentionally into time trouble precisely because they are good rapids players, and besides, so many opponents may then be counted on to play so much worse.

Event was held in Olympia at Olympian Hotel mostly with idea of forming a chess club in Olympia among those local area players who appeared at the event. About as many local players were spectators as were local players taking part. Jerry Van Deene picked up first place. The time control was 40/1 which caused George Krauss problems and he said never again will I play tournament chess at that speed. The event was not rated for WCF membership was not required, which probably was a mistake that I don't plan to repeat.

Hoggatt-Biyiasas, Northwest Open

1. P-Q4 P-KN3

I have seen a great many of Hoggatt's games; he seems to like playing against this defense.

2. P-K4 B-N2

3. P-KB4 P-QB4?

A highly provocative move. White's center might turn out to be weak, or it could be crushingly powerful.

4. P-Q5 P-Q3

5. N-KB3 N-KB3

6. N-B3 O-O

7. B-Q3 P-QR3

8. P-QR4 P-N3

9. O-O B-N2

10. Q-K2 QN-Q2

11. B-Q2 N-K1?!

Another provocative move. Now Black is really asking for it.

12. P-K5 N-B2?

And now he gets it! Correct is first 12. ... PXP; then 13. PXP, N-B2. White has good attacking chances, but he must be careful of his center. He would have two promising lines, one based on P-K6, the other on B-QB4.

13. P-K6 PXP

An immediate ... N-B3 would be no better. White has N-N5, which would transpose into the game, for if ... PXP; PXP, P-R3; BXP! crashes through.

14. PXP N-B3

15. P-B5 PXP

16. BXP P-Q4

Black must try something; his King is too exposed for waiting.

17. N-KN5 P-Q5

Black's last seems poorly timed. He not only gives up his K5, but chases the White N to that square.

18. N3-K4 N2-Q4

Black must keep an N on KB3 to survive.

19. P-QB4! PXPp.p.

20. BXP NxB

White's good 19th has compelled Black to trade off a vital defensive piece.

21. PxN BxN!

Black keeps his head afloat by trading off an important attacking piece. An interesting feature of this game is that though it is rather open, the N's are still better than the B's.

22. RxB R-N1

If ... NxB?; QxN and KR2 falls.

23. N-B7!?

The simple Q-QB2 would have won at least a P.

23. ... Q-B2

24. Q-QB2! ...

This threatens RxB.

24. ... NxB

Unfortunately forced.

25. QxN P-B5

The last cheapo. If now

N-N5???, Q-B4ch.

26. R-B5 P-N4

Despair.

27. R-R5 RxB

Otherwise it's mate.

28. QxPch K-B1

29. PXR KxP

30. R-B1ch resigns

Apparently Biyiasas wanted to play at least 30 moves before giving up. It is interesting that Biyiasas won the toss for color and asked for Black. Next time he might choose differently.

By Bob Larrance

It seems that the player with more time is at a distinct psychological disadvantage. He expects his opponent to crumble, and tends to consider the game is already over. He not only plays fast, he scarcely bothers to think, and the quality of his play deteriorates to a point well below even his usual five-minute standard.

The best approach . . . that is, the most likely to bear fruit . . . is to complicate. An unclear move is to be preferred to a forcing one., the latter, to be sure, may leave him with but one option, but it is often an obvious one, and requires little time to find. Give him plenty of choices, make him think. If possible, steer the game into different channels from those it has been following before . . . this can be very disconcerting. Of course, it is never wise to make downright bad moves, unless your game is lost already., if the win (or draw) is there, go after it in the simplest and most forthright manner.

While on the subject, I might mention one other practice ill-calculated to press an opponent on time. I have only seen it done once to any appreciable extent, and found it slightly peculiar. It occurred in the game Browne+Acers, National Open, 1970. Browne is the worst person for getting into time pressure I have ever seen, a tendency that has been observed in him and noted by various commentators many times before. Anyway, in the game cited, Browne was really on the ropes and Acers, who had been making all the play throughout, was trying to force home his advantage, which, however, was rapidly dwindling. Both players were getting short, but Browne was much the shorter. Acers, for some unaccountable reason began holding his hand over the piece he was considering moving, and did this for about 5 seconds or more on every move, before actually making the move. Needless to say, this strange behavior did much to ease

Browne's predicament, and he was able to salvage a draw.

It would be a happy prospect indeed, for us time-harried souls, could we but look forward to a future shorn of these temporal woes. All would be sweetness and sunshine. Unfortunately, the horizon conceals a scene not less bleak than the worst we have passed through., I have never known a player, once addicted to time pressure, to cast it off and mend his ways, nor have I ever heard of one who did. Undoubtedly it is possible. Or so, at least, I have been told. I was never much one for dreams. It is only practice, and more practice, and countless fallen flags that may better enable us in time to shoulder the onerous burden that we alone must bear. I fear that there will never come the time when, like the Albatross, it will lose its fateful grip and fall like lead into the sea. (I'm sorry.) Only our flags will fall, and our tournament scores. (poetry by Richard Mann. Thank you Richard Mann. Thank you.)

COMMENTARY

FIDE'S 41ST - AND GREATEST - CONGRESS

By FRED CRAMER
Vice-President of FIDE, ZONE 5(USA)
(Member WFC since 1958)

Because the Northwest now has an extraordinary interest in the World Chess Federation (FIDE) - whose two-week annual Congress will be held here next September - NC readers who want background will find the full report of the recent historic Siegen Congress most informative and, perhaps, even fascinating or astonishing.

The 41st FIDE Congress (Siegen, West Germany, Sept. 1970) may well prove the greatest of them all; participation, procedures, and productivity hit new highs of quantity and quality; organized chess came of age internationally.

At Siegen FIDE changed leadership, for only the second time since its 1924 founding. Folke Rogard, of the Churchillian stature, Mr. FIDE from the desperate days of 1949, turned his reins over to Dr. Max Euwe, the Dutch math prof and ex world champ, elected for four years. Enthusiastic for FIDE prospects, he plans to visit every part of the world. He is energetic and business like, discreetly cautious in political matters. Rogard served FIDE well, particularly in the major responsibility of providing a successor.

At Siegen FIDE reorganized administratively, also a rare event. The "Bureau", which had shaken down to just Mr. Rogard and secretaries, was expanded to six. The Central Committee and the Rules Commission were enlarged. The Qualification Committee received independent officers. More people, from more parts of the world, now carry a work-load grown vast and complex.

At Siegen, the intimate European Club finally became an international organization, finally grew into its title, FIDE. The Bureau no. 2 job (a new position of Deputy President) went to the Puerto Rican miracle-maker Narciso Rabell. A second Bureau job went to our own Ed Edmondson (no mean miracle-man himself!) Arpad Elo is now Secretary of the important Qualification Com. The west also landed Tudela (Venez.) on the Cent. Com. and Ken Harkness (USA) and Barerras (Cuba) on the Rules Com. Even "down under" got to join the world, with Koshnitzky (Austr.) on the Central Com.

At Siegen contested issues were numerous and serious, but discussion, dealing, and deciding reached new levels of maturity, on and off the floor. FIDE lives this winter in understanding exemplary for other international operations.

At Siegen the west for the first time held its own in balloting, manoeuvring its own 16 votes with great sophistication to a majority of the 54 members. On five major issues we took a determined stand, facing bitter opposition by the old guard at every turn, from roll call to roll call, for seventeen days. But the good guys scored $4\frac{1}{2}$ points:

1. On Titles Regulations, official international tournaments where candidates earn titles will now be measured on the scientific Elo system. Europe, where the old system gave them great advantage and plenty of titles, opposed bitterly.

2. On apartheid racial discrimination, a determined effort to saddle chess with non-chess problems was defeated. FIDE has enuf chess problems without going afield for other kinds.

3. The Reorganized Bureau was designed (in Europe) for five Europeans and one American. The Deputy Presidency was tailored for Jaroslav Sagtar, a dedicated and competent organizer, hampered only by the exigencies of Czech citizenship. Sagtar did get a seat, but the coveted Deputy Presidency went west, and the Bureau ended with four Europeans and two Americans.

4. The Residency Requirement for membership on national teams was cut from five years to one. Moving grandmasters will no longer suffer undue penalty, but frontier-hopping remains limited.

5. On Fischer we scored the half-point. We and many others wanted him seeded into the Palma interzonal on (necessarily) his own terms, which include not only fluorescent lighting, etc. etc. but also a draws-no-count scoring for the following candidates' matches. We got only permission to send him to Palma as one of the 3 USCF entrants. His terms were accepted, but not the draws-no-count idea, where seven other match participants had to be consulted.

The "it's impractical" objection to the interesting draws proposal was cleared away when USCF offered to host the candidates' matches on either plan, provided an American took part. And we sweetened it by boosting the (finals) winner prize to \$2500 from \$750, and the loser's to \$1500 from \$450. Acceptance rests with the federations of the actual match players.

USCF threw talent and energy into this Congress with reckless abandon. The officials included Ed Edmondson, Delegate; USCF Pres. Dr. Leroy Dubeck and IGM Isaac Kashdan, Councillors; Arpad Elo, Qual. Com; Ken Harkness, Rules Com; and Fred Cramer, FIDE V-P. Rooters included I. Turover, Ed Lasker, Don Schultz, the Olympic team, and its co-captain George Koltanowski.

SPECIAL REPORT ON THE CCCA'S USCF CLASS TOURNAMENT AT SAN JOSE BY Erik D. Osburn, USCF Master

I. THE SAN JOSE TOURNAMENT WAS A GREAT SUCCESS WITH RESPECT TO THE LARGE ATTENDANCE, BUT A DISMAL FAILURE WITH REGARD TO THE QUALITY OF THE GAMES PRODUCED BY THE PREMIER SECTION. THE REASON FOR THIS WAS THE POOR PLAYING CONDITIONS, A FACTOR THAT FEW TOURNAMENT ORGANIZERS REGARDED WITH ENOUGH SERIOUSNESS. THE POOR CONDITIONS WERE: (1) THE OPPRESSIVE HEAT (2) THE CROWDING OF THE PLAYING ROOMS, AND (3) THE TOO RAPID TIME LIMIT.

EVERYONE WHO WAS THERE REMEMBERS THE LACK OF ELBOW ROOM AND THE HORRIBLE HEAT (Seattle Open had this problem too) I HAVE IT FORM FRANK SKOFF IN THE ILLINOIS CHESS BULLETIN (MAY 1968) THAT A CHESS PLAYER'S BRAIN USES ENOUGH ENERGY DURING A TWO-ROUND DAY TO HEAT ABOUT SIX QUARTS OF WATER FROM THE FREEZING POINT UP TO THE BOILING POINT. HOW MANY OF YOU WISH YOU HAD STAYED HOME AND BOILED WATER INSTEAD?

SEVERAL PARTICIPANTS HAVE EXPRESSED TO ME THE FACT THAT THE TIME LIMIT WAS TOO FAST. ALL OF THE IMPORTANT GAMES OF THE PREMIER SECTIONS WERE DECIDED BY THE CLOCK AS I SHALL SHOW IN PART II (Which I have chosen not to steal) OF THIS REPORT. THIS SITUATION IS DEPLORABLE AND SHOULD HAVE BEEN AVOIDED BY ADOPTING A TIME LIMIT OF 40/2 INSTEAD OF 40/1½. I HAVE IT FROM OUR TOURNAMENT DIRECTORS THAT "IT TAKES TOO LONG" - referring to 40/2. THIS ARGUMENT DOES NOT MAKE SENSE TO ME AND OTHERS BECAUSE WE STARTED LATE ON BOTH DAYS - 11:45 ON SUNDAY. IT IS MY FIRM CONVICTION THAT OUR CHESS TOURNAMENTS SHOULD BE RUN ACCORDING TO THE WISHED OF THE PARTICIPANTS AND BY A CODE OF MINIMUM STANDARD PLAYING CONDITIONS SET BY THE USCF FOR USCF RATED EVENTS. THE CCCA IS A PROGRESSIVE CHESS ORGANIZATION. WHY CAN'T WE HAVE SOME PIONEER EFFORT IN THIS DIRECTION?

(NOW THE EDITORS OF CCCV REPLY) IT IS ONLY BY HEARING CONSTRUCTIVE CRITICISM SUCH AS THIS THAT CHESS ORGANIZER AND ORGANIZATIONS WILL IMPROVE.

TWO OF THE FACTORS MENTIONED IN PART I BY MR OSBUN, OPPRESSIVE HEAT AND CROWDING OF THE PLAYING ROOMS, COULD NOT HAVE BEEN FORESEEN BY THE TOURNAMENT OFFICIALS. NO ONE COULD HAVE PREDICTED THAT 18-19 JULY WOULD BE ONE OF THE HOTTEST WEEKENDS OF THE YEAR. THE ROOM AT THE SAN JOSE WPCA WAS KINDLY ARRANGED FOR AT MINIMAL CHARGE TO INCREASE THE PRIZE FUND BY THE SAN JOSE CHESS CLUB. THE ROOM RENTED WAS TO SEAT COMFORTABLY 80 PLAYERS; 75 WERE EXPECTED. WHEN 105 PLAYERS REGISTERED, TWO ADDITIONAL ROOMS WERE OPENED, ONE TO TAKE THE OVERFLOW AND ONE FOR ANALYSIS AND SKITTLES. THE TOURNAMENT DIRECTORS EVEN TURNED OVER HALF OF THEIR ROOM FOR USE OF THE PLAYERS. WE WERE SATISFIED THAT UNDER THE CIRCUMSTANCES THE PLAYERS WERE WILL LOOKED AFTER. NATURALLY IN THE FUTURE, WE SHALL LEARN FROM THE EXPERIENCE GAINED FROM THIS TOURNAMENT TO IMPROVE THE PLAYING CONDITIONS EVEN MORE. NO TOURNAMENT, NO MATTER HOW SAFELY PLANNED, RUNS WITHOUT SUCH HITCHES, AND THE HUG TURNOUT TO MAKE THIS THE LARGES ALL USCF TOURNAMENT EVER HELD UP TO THAT TIME IN CENTRAL CALIFORNIA IN OUR VIEW SHOULD COMPENSATE THE PLAYERS FOR

THE FEW INCONVENIENCES SUFFERED BECAUSE OF IT. ON THE QUESTION OF TIME LIMITS IT MAY EVEN BE ARGUED THAT IN WEEKEND SWISSES MASTER-CALIBER PLAY IS DIFFICULT AT ANY LIMIT. WE HAVE JUST RECEIVED A LETTER ON THIS SUBJECT FROM ISAAC KASHDAN, INTERNATIONAL GRANDMASTER AND FIDE JUDGE, WHOSE OPINIONS MUST CARRY A GREAT DEAL OF WEIGHT. HE WRITES "A SLOWER LIMIT IS FINE IF ONLY ONE GAME A DAY IS PLAYED. BUT IN THE USUAL WEEKEND SWISS, OR WHENEVER TWO OR MORE GAMES A DAY ARE PLAYED, HIGH CALIBRE CHESS IS PRACTICALLY IMPOSSIBLE, NO MATTER WHAT THE TIME LIMIT. WHEN EIGHT TO TEN HOURS OF REGULAR SESSIONS ARE SCHEDULED PLUS ADJOURNED GAMES, ENDURANCE IS AN ESSENTIAL ELEMENT, AND THE QUALITY OF CHESS MUST SUFFER. ACTUALLY A THREE HOUR TIME LIMIT, SUCH AS 40/1½, WORKS OUT BETTER IF PLAYERS ADJUST TO IT. THEY CAN SIT AT THE BOARD WITHOUT GETTING UP FOR THREE HOURS, AND PUT IN AS MUCH THINKING TIME AS IN A FOUR HOUR SESSION, WHEN THEY GET UP FREQUENTLY, WALK AROUND, AND GET BACK TO THE BOARD WHEN THE OPPONENT HAS MOVED." (Mr. Kashdan expressed the same idea to your typer and Buz Eddy at 1968 Seattle Open)

NEVERTHELESS CCCA IN ITS PROGRESSIVE SPIRIT HAS AND WILL CONTINUE TO EXPERIMENT WITH VARIOUS SOLUTIONS, REST ASSURED THAT WE SEEK THE SLOWEST TIME LIMIT FOR MASTER/EXPERT GAMES COMPATIBLE WITH THE EXIGENCIES OF THE TOURNAMENT. THERE ARE TWO BASIC SITUATIONS WE WISH TO AVOID FOR THE PREMIER PLAYER: THREE ROUNDS IN ONE DAY AND TOO MANY HOURS OF PLAY PER DAY, BECAUSE BOTH PRODUCE FATIGUE WHICH WILL KILL THE QUALITY OF A GAME FAR MORE THAN ANY TIME LIMIT. ON MR. OSBUN'S EARLIER SUGGESTION, WE CUT DOWN OUR WEEKEND SWISSES FROM FIVE TO FOUR ROUNDS, THUS AVOIDING THE FATIGUE OF PLAYING THREE ROUNDS IN ANY ONE DAY. (Guess we are behind the times in NW with our 3 rounds a day in most all events.) THIS EXPERIMENT MET WITH GENERAL APPROVAL AND WILL BE CONTINUED. HOWEVER IF WE FOLLOW MR. OSBUN'S CURRENT RECOMMENDATION TO BEGIN PLAY EARLIER IN THE DAY, PLAYER FATIGUE WOULD REVERT TO ITS PREVIOUS LEVEL.

LAST FEBRUARY THE CCCA PIONEERED IN THIS REGION BY INTRODUCING FOR MASTERS AND EXPERTS THE 40/2 TIME LIMIT AT ITS USCF CLASS CHESS TOURNAMENT AT BERKELEY. NEXT FEBRUARY THE CCCA WILL AGAIN SPONSOR A 40/2 TOURNAMENT WITH THE PLAY SPREAD OVER THREE DAYS. OTHER 40/2 TOURNAMENTS WILL BE SPONSORED, AS WELL AS SOME 35/1.75 TOURNAMENTS TO BE HELD AT THE BERKELEY CHESS CLUB. THE LATTER TIME CONTROL IS AT THE SAME RATE AS 40/2 BUT WITH A SHORTER PLAYING PERIOD, TO COMPLETE THE ROUND IN THE AVAILABLE TIME. FUTURE PLANS WILL BE MADE AFTER STUDYING THE RESULTS OF THESE EXPERIMENTS.

THANK YOU AGAIN FOR SHARING YOUR OPINIONS, MR OSBUN. WE HOPE THAT BY THUS DISCUSSING THE PROBLEM AND EXPERIMENTING WITH VARIOUS POSSIBILITIES, WE SHALL EVENTUALLY DEVELOP THE BEST POSSIBLE, FEASIBLE ARRANGEMENT FOR ALL PLAYERS. THIS IS OUR PROGRESSIVE COMMITMENT, OUR GOAL. (Your typer and lousy at that for this has been WCF President Russell Miller. If Skubi saw fit to print this in a future issue I will type up part two which has several games which Mr. Osburn thinks were decided by time pressure. A couple of them have as a player Alan LaVergne a WCF member and 5th place finisher in WWO. If you like this type of article why not say so and maybe write up your thoughts on time control etc.)

Tournament director Selly Pupols.

The camera caught NW Master, George Krauss, by surprise.

ALBANY CHESS CLUB

Meets each Wednesday from 7-11 PM in the recreation room of the Bureau of Mines, Albany Oregon. Officers are Larry Rowson, President; Carl Steen, Vice President; and John Billey, Secretary. Visitors are welcome.

PACIFIC UNIVERSITY CC

The Pacific University Chess Club meets on Tuesdays from 12 PM to 2 PM in the University Center room 7.

Dave Collyer, WCF Expert, gave a second simultaneous exhibition at the library of Brewster High School. This time there were only seven who played; and two of the seven played an additional two games. Collyer raked in seven wins and two draws. John Wise made both draws.

UNIVERSITY OF WASHINGTON CHESS CLUB

On Nov. 20, our club finally broke from the routine of speed chess and a little exchange of coin with visiting Master Braley, with a simultaneous given by our won state champion Mike Franett.

It was a warm afternoon about 3 o'clock; the activists, radical lib's, and straights were folding up their campaigning booths around the HUB, while upstairs the chess 'freaks' were starting their campaigns. It all ended in three hours and here's what happened. The winners: Dave Rupel, Larry Stone, and Mike Hoover. The drawers: Larry Pratt, Digne de Lenea, Robert Ruotsalainen, and our advisor Frank Alexandro. The others: Dan Bailey, Hal Wright, Jim Blackwood, Gerald Cook, Reece Goelzer, and Dave Cargo.

The club meets every Friday afternoon in the HUB. Officers are: Pres: D. de Lenea; V.Pres: Steve Mar; and Treas: Marvin Hayami

SPOKANE CHESS CLUB

Hillsboro C.C. vs. Salem C.C.

The Hillsboro C.C. traveled to Salem C.C. on November 21, 1970 where the two C.C. tangled over a 7 board team match at 1:00. When the dust cleared the match was tied 3½-3½. By winning its bottom boards the Salem C.C. appears to have more depth than the Hillsboro C.C. This is something the Salem C.C. can build on and something the Hillsboro C.C. must work on for their next match.

Hillsboro C.C. vs. Albany C.C.

A 5 board 2 Rd. match was played between Hillsboro C.C. and Albany C.C. on November 21, 1970 at 1:00 with the Hillsboro team traveling to Albany C.C. and winning the match 5½-4½. Somehow the two teams talked each other into playing 2 Rds. instead of one. This was a mistake because by the end of the 2nd Rd. the match is no longer enjoyed. If a match isn't enjoyed it doesn't serve the purpose of creating interest and enthusiasm in the participating clubs. When only one Rd. is played (3 - 4 hrs.) the participants are beginning to tire but are still awake enough to enjoy themselves and to spread it around to other club members. Also the participants will more actively anticipate the coming of future matches! The Albany C.C. had two alternates who played on boards 4 & 5 during the 2nd Round.

Hillsboro C.C. vs. Portland C.C.

On November 21, 1970 11 boards of the Hillsboro C.C. traveled to the Portland C.C. to play an 11 board one Rd. match. The result was a smashing victory for the Hillsboro C.C. However its only fair to say the Portland C.C. wasn't prepared for the match because only two of Portland's top 10 players were in the lineup. The outcome would have been a lot different if the Portland C.C. had played all of its top players. But that's the way it goes.

WENATCHEE CHESS CLUB NEWS---YEAR-END REPORT

by D. Collyer, Sec.W.C.C.

The club meets on Wednesdays, Dr. Nawrocki, 1031 1st., Wenatchee, Washington.

Wenatchee Junior

1. Dave Collyer	X	1	1	1	1	1	=	5-0
2. Steve Yeager	0	X	1	1	1	1	=	4-1
3. Bob Allyn	0	0	X	0	1	1	=	2-3
4. Tom Allyn	0	0	1	X	0	1	=	2-3
5. Scot Gregg	0	0	0	1	X	0	=	1-4
6. Phil Smith	0	0	0	0	1	X	=	1-4

Dave Collyer continued to dominate the Wenatchee Junior Chess scene, extending his string of 16 straight wins in the fourth local junior tournament through 1969-1970. Steve Yeager was only a step behind with a fine 4-1 tally. Yeager has progressed steadily since joining the club in September.

Horton Thompson and Owen Rasmussen tied 2-3 in the Brewster tourney, held in November. The winner was Ted Warner.

Kurt Collyer, "number 1 board" of Wenatchee H.S.'s Chess Team, is also a member of the No.1 rated Panther football team(Class AAA), and a Varsity Basketball Player.

George Rehberg and David Collyer are playing a seven game match for the W.C.C. '70 Championship. Rehberg leads with a 2-1 margin. The "Black" pieces have won all three games.

Howie Chin	7-2	Meryl Rickey
Howie Chin	3-0	Jim Pitzlaff
Howie Chin	2-0	Jerry Pleuth
Fredy Chin	2-0	Casey Nyman
Fredy Chin	5-0	Tom Lelong

The Chin's seem to be ruling the club. In hopes of promoting chess on campus, a simultaneous tourney is planned. The school newspaper refuses to cover the club's activities, so after the simultaneous tourney, maybe they can get some publicity.

Howie Chin is going to give the simultaneous tourney. Good luck Howie.

NANAIMO CHESS CLUB; - meets every tuesday between 7:30 and 1:00 at the Royal Canadian Legion, Branch 10 on Wallace St., Nanaimo, B.C. President: Gordon Sanborn, Box 909, Ladysmith Vice-Pres: Brian McLaren, 281 Machleary St. Sec.-Trea: Brian Foan, #105 - 995 Bowen Road, T.D.: Fred Schulz, 2201 Fern Rd., Ph-758-3535,

Membership dues are Seniors - \$10.00 per year. Juniors - 3.00 per year. Casual Fees (nightly) are Seniors - .50 night. Juniors - .15 night.

Nanaimo & District Championship

After six weeks of play, standings in the Nanaimo & District Championship are:

Section A	Section B		
Brian Foan	4-1	Fred Jepson	4½-1½
Fred Schulz	4-2	Chris Jones	4½-1½
Dave Shiu	2-0	George Pedersen	4-2
Brian McLaren	2-2	Jim Cookson	4-2
Bill Parker	2-2	Ray Burley	2-3
Art Jordan	1-2	Ian Cookson	2-5
Gordon Sanborn	0-6	Denis Longley	1-3
		Jen Nielsen	1-3
		Adam Charchuk	0-2

Dave Shiu was a late starter in Section A but has won both his games in blitzkrieg fashion. Brian Foan is unbeaten but drew both his games with Brian McLaren. Fred Schulz' losses have been to Foan and Shiu.

Section B is a very close affair with only half a point between the first four players. Veteran Fred Jepson is holding his own against youngsters Chris Jones and Jim Cookson playing their first year in this tournament.

8. P. Skucas	0	0	0	½	1	0	0	x	1½

The "B" Section was won handily by George Vandenburg who gave up only two draws to post a 6 - 1 score. Larry Kirstein and Svend Larsen tied for second and third, both with a 4 - 3 result.

Games & Analysis

(The following letter was sent to Willie Skubi, the editor of NWC, by Larry Parr, a former resident of Seattle and ardent chess player)

DEAR MR. SKUBI:

Fortune smiled and Homer nodded. How else to explain this correspondent's involvement in a three-way tie for 1st Place in a 57-player USCF tournament at Rhein-Main, West Germany? I won four rather desperate struggles and then had to face Expert Joseph McCarty in a decisive last round encounter--which, paradoxically, had an indecisive result, despite the incisive play on both sides. Or, come to think about it, is it paradoxical? Well, let's allow the readers of Northwest Chess to decide:

Joseph McCarty v. Larry Parr (Nov. 8, 1970)

1 P-K4	P-K3	5 B-Q2	P-QB4
2 P-Q4	P-Q4	6 N-QN5	BxB ch
3 N-QB3	B-N5	7 QxB	O-O
4 P-K5	N-K2	8 P-QB3	B-Q2

Modern Chess Openings recommends 8... N-KB4, quite correctly.

9 N-Q6	P-QN3	12 P-KB4	PxP
10 B-Q3	N-B1	13 PxP	B-R3
11 NxN	BxN!	14 N-KB3	...

14 BxB was to be considered.

14 ...	BxB	19 P-KR3	N-N3
15 QxB	P-KR3	20 P-KN3	R-QB1
16 O-O	N-QB3	21 R-N2	KR-B2
17 K-R1	P-KB4	22 QR-KN1	KR-B2
18 R-KN1	N-K2	23 Q-K3	...

23 Q-Q2 may be better.

23 ...	R-B7	32 QxQ	RxQ
24 P-KN4	RxR	33 P-B5	PxP
25 RxR	PxP	34 NxP	N-K3
26 RxP	N-B1	35 NXRp ch	K-R2
27 Q-Q3	R-B8 ch	36 N-B5	R-B8
28 K-R2	Q-B1	37 N-K3	R-K8
29 R-N2	Q-B5	38 NxP	NxP
30 Q-Q2	R-KB8!	39 K-N3	RxP
31 N-R4!	Q-B8		Drawn

Certainly not a "grandmaster draw"--in either sense. But also not a bad game!

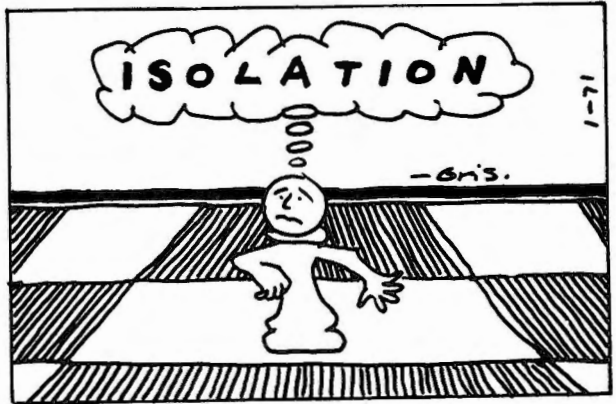

Some years back, on some page of Northwest Chess, someone suggested devoting a monthly column to the best and representative games of some local stalwart. Thus, the column's title would suggest the format: "Meet Vik Pupols," "Meet Duncan Suttles," or "Meet Jim McCormick." Included in this column would be, presumably, a short personal and chessic biography, followed by three chessic efforts of that month's celebrity.

At the time, I thought the idea to have merit. Alas, we instead feasted upon several Howie Chin brilliancies. I am, however, prompted to act upon the above suggestion not in a desire to ameliorate (improve--ED) a preposterous situation; I am impelled, instead, by both a personal and a chessic desire to introduce to Northwest players a remarkable USCF Master and a former Seattle resident, Alexei Suhobek.

Alexei's last published USCF rating was 2291, and it may well be higher now. For example, in the recent Shield's Open he divided first prize with Weinberger and Stoutenborough, scoring five wins and two draws. None other, incidentally, than William Addison, one of the three US representatives in the... Interzonal (Bill Addison tied for 17th--ED), had to satisfy himself with fourth place. Following this result, Alex duplicated his score to finish second in the California Open at Ventura. This time, International Master Julio Kaplan was relegated to also-ran status by the tough California Masters.

In Alexei's personal life, chess occupies an important, but not disproportionate, role. He constantly inveighs against young chess players who know nothing but chess. They are, says Alex, "without culture." He contends that to be a good chessplayer, one must have a broad education and a mind sufficiently trained to make critical, and oft times subtle, distinctions. "Look," he says, "at Alekhine and Lasker." At any rate, one can hardly argue that Alekhine and Lasker were not "good" chess players.

At the present time, Alexei is a professor of Russian Language at DLI in Monterey. At one time, though, he lived under considerably more straitened circumstances in Stalin's Russia. With the end of WWII, Alexei (by this time a professional survivor) opted to remain in the West; but would the West take him? We did, thank God.

And here are three samples of what we gained and Stalin's labor camps lost in the intervening years:

Alex Suhobek v. Jude Acers: 1 P-K4, P-K4; 2 N-KB3, N-QB3; 3 B-N5, P-R3; 4 BxN, QPxB; 5 P-Q4, PxP; 6 QxP, QxQ; 7 NxQ, B-Q2; 8 B-K3, O-O-O; 9 O-O, R-K1; 10 N-QB3, N-KB3; 11 P-B3, B-Q3; 12 N(Q4)-K2, P-KR3; 13 QR-Q1, KR-N1; 14 B-Q4, N-R4; 15 P-KN4, N-B5; 16 NxN, BxN; 17 N-K2, B-Q3; 18 N-N3, P-KN3; 19 KR-K1, P-KR4; 20 P-K5, B-K2; 21 P-KR3, B-R5; 22 K-N2, B-K3; 23 P-N3, R-R1; 24 B-B2, R-R3; 25 N-K4, PxP; 26 RPxP, B-Q4; 27 BxB, RxB; 28 N-B2, R(1)-R1; 29 R-KR1, RxR; 30 RxR, RxR; 31 NxR, K-Q2; 32 P-QB4, B-K3; 33 N-B2, P-QN4; 34 P-QB5, P-R4; 35 N-Q3, P-R5; 36 PxP, PxP; 37 P-R3, B-B5; 38 N-N4, B-N4; 39 K-B2, K-K3; 40 P-B4, P-KN4; 41 K-K3, B-B8; 42 K-B2, B-B5; 43 K-K3, B-Q4; 44 N-R6, PxPch; 45 KxP, K-Q2; 46 K-B5, B-K3; 47 K-B6, resigns in a few moves. Certainly, neither Suhobek nor Acers were at their best in this encounter, but Alex's Lasker-like tenacity is what pays off in a weekend Swiss.

The folling game, played in the 1954 Golden Knight's (postal chess championship--ED) Finals(!), sees Suhobek at his impeccable best: Jim Schmitt v. Alex Suhobek: 1 P-Q4, P-K3; 2 P-K4, P-Q4; 3 N-Q2, P-QB4; 4 PxQP, QxP; 5 KN-KB3, N-QB3; 6 B-B4, Q-Q1; 7 N-N3, PxP; 8 O-O, N-KB3; 9 Q-Q2, B-Q3; 10 R-Q1, O-O; 11 QNxP, NxN; 12 NxN, P-QR3; 13 P-KR3, P-K4; 14 N-B3, P-K5; 15 N-Q4, P-KR3; 16 B-K3, Q-K2; 17 P-KB4, PxPe.p.; 18 NxP, R-K1; 19 R-K1, PQN4; 20 B-Q3, QxBch!!; 21 QxQ, RxQ; 22 RxR, B-QB4; 23 R(1)-K1, N-Q4; 24 B-K4, NxR; 25 BxR, NxBPch; 26 K-B1, NxR; 27 KxN, K-B1; 28 K-Q2, K-K2; 29 P-R3, P-QR4; 30 N-K5, K-K1; 31 N-Q3, K-Q3; 32 B-B3, B-Q5; 33 B-K2, B-N2; 34 B-B1, P-KB4; 35 P-QN4, P-QR5; 36 P-KR4, P-KN4; 37 PxP, PxP; 38 N-K1, B-QB3; 39 N-B3, B-KB3; 40 B-Q3, P-N5; 41 N-K1, B-N4ch; 42 K-Q1, K-K4; White resigns.

* * * * *

I would call it inspired chess; I would also say that America can be proud of Alex Suhobeck. The art of chess needs more Suhobeck's, although his unfortunate opponents might easily disagree.

In closing this letter, I submit a request and introduce a threat. I request that the pages of Northwest Chess be free of the intramural bickering, which is beginning to glut its pages (of November issue). I also threaten you with some interesting translations from the Soviet Chess weekly, 64. The threat, actually, is not contingent upon a cessation of hostilities in Northwest Chess; it is contingent upon the amount of free time I have.

En Passant, 64's editor is Petrosian, and his staff includes Smyslov and Spassky! The price is \$2.40 for 52 issues, which includes the cost for air mail. A knowledge of Russian, to say the least, is not unbeneficial; but many of the games and much of the opening theory is self-explanatory, and you are only missing the propaganda. Who says you can't have you cake and eat it too?

An errant chesser,

Larry Parr

THE GAME

Yes, "the game" of the Olympiad was Spassky's win over Fischer - we had to give it with out notes in our last issue but it needs to be annotated:

WE DO NOT AGREE with 2 comments in the translation from '64" annotated by A. Zaitsev:

(1) 23...BxP is a mistake and 23...R-K1 then followed by QR-Q1 would give Black the better game. Pressure against the center, Queen side majority, and White's weak King side gives Black the advantage.

(2) The note after Fischer's 32nd move: "32...N-Q3 gave chances of survival" is incorrect. For after

32...N-Q3 follows 33 Q-K5, Q-Q5 34 Q-K7 and Black is lost.

SPASSKY vs. FISCHER

1 P-Q4, N-KB3 2 P-QB4, P-KN3 3 N-QB3, P-Q4 4 PxP, NXP 5 P-K4, NKN 6 PxN, B-N2 7 B-QB4, P-QB4 8 N-K2, N-B3 9 B-K3, O-O 10 O-O, Q-B2 11 R-B1, R-Q1

These two reached the same position at Los Angeles 1966, where the game continued 12 Q-K1, P-K3 13 P-B4, N-R4 14 B-Q3, P-B4 15 R-Q1, P-N3 16 Q-B2 PxQP 17 BxP, BxB 18 PxB, B-N2 19 N-N3 Q-KB2 20 P-Q5, PxKP 21 PxP, QxKP 22 P-B5, and White's superb play earned him a win. As Spassky and Fischer were expected to meet in the "Match of the Century", both players must have analysed this position: Fischer plays only the King's Indian or Gruenfeld against 1 P-Q4, while Spassky employs the Exchange Variation against the Gruenfeld

12 P-KR3

White is the first to deviate from established paths: preparing to play P-KB4, Spassky precludes the unpleasant pin ...B-KN5. Opening theory does not consider the variation to favour White, and the game itself backs up this opinion. As usual, the World Champion does not try to decide the course of the game in the opening - a harmonious development and a strong pawn center is quite adequate.

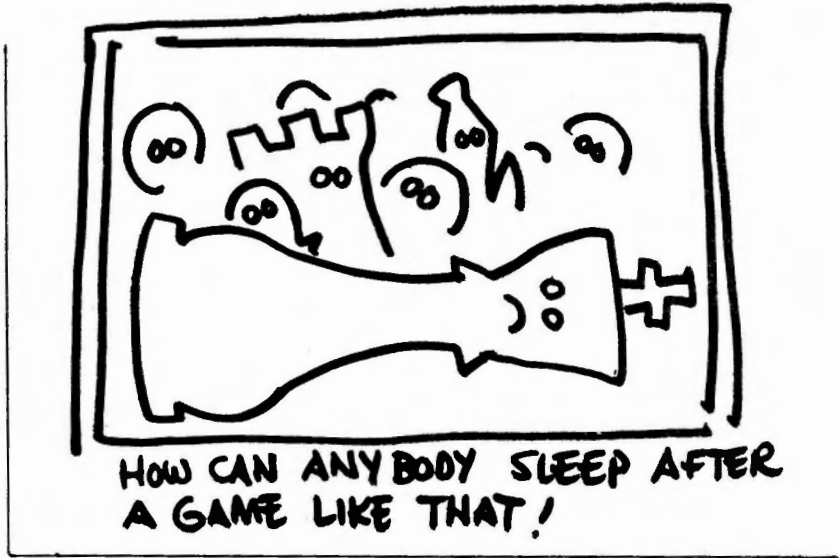

12... P-N3 13 P-B4, P-K3 14 Q-K1, N-R4 15 B-Q3, P-B4 16 P-N4

Spassky is consistent: if, analogously to the Los Angeles game, he were to play 16 R-Q1 and 17 Q-B2, his 12 P-KR3 would be a wasted tempo.

16... PxKP 17 BxP, B-N2 18 N-N3, N-B5 19 BxB

White could apparently retreat the other bishop at once, e.g. 19 B-KB2, Bx B 20 QxB, N-Q7 21 QxKPch, K-R1 22 KR-Q1 N-B6ch 23 K-R1 with an extra pawn, but Black would have a magnificent game after 23...N-R5: he threatens not only ...QxP, but also...R-K1 followed by check on the long diagonal.

19... QxB 20 B-B2, Q-B3 21 Q-K2, Px P 22 PxP, P-QN4 23 N-K4, BxP

Everybody considered this a mistake suggesting 23...R-K1 and 24...QR-Q1, with a better game due to the weakness of White's queen's pawn, and Black's queen's side majority. But is this really so?

The weak queen's pawn is cancelled out by Black's backward king's pawn, and White can still attack on the queen's side. If 23...R-K1 24 P-QR4, P-QR3 25 N-B5 threatens 26 NxRP and 27 PxP. Clearly, moves like ...R-K1 are not sufficient to fight for the initiative. In my opinion, it was not the capture of the pawn but the subsequent exchange of bishops which was at fault.

24 N-N5, BxBch

It is difficult to guess at Fischer's reason for this exchange. Perhaps he had hoped to retain the extra pawn by combining his defence with threats to White's second rank. In any case, it can be said that Spassky's assessment was deeper and more realistic.

25 RxB, R-Q3

Continuing his faulty plan. Of course not 25...R-Q7 26 QxR: but Black was obliged to play 25...R-K1.

26 R-K1, Q-N3

Black's prospects would be bleak in the endgame after 26...R-Q7 27 QxPch, QxQ 28 RxQ, RxR 29 KxR, with White's rook invading his position.

27 N-K4

Exploiting Black's questionable 25th move, and bringing the Knight into the attack with gain of tempo.

27... R-Q5 28 N-B6ch, K-R1

Among the masters at Siegen, there was considerable speculation whether 28...K-N2 might have been here (general verdict: doubtful) and whether 30...R-Q1 would have been better than Fischer's 30...R-KB1 (verdict: probably!).

29 QxP, R-Q3

An effective stroke: 29...R-Q8 would not save Black, since he would run out of checks after 30 Q-B7! RxRch 31 K-N2 Q-B3ch 32 K-N3, R-K6ch 33 K-R4, RxPch 34 KxR, Q-R8ch 35 R-R2, Q-KB8ch 36 K-R4.

30 Q-K4, R-KB1 31 P-N5, R-Q7 32 R(T)-KB1, Q-B2

The final mistake. Fischer evidently overlooked White's next two moves. 32...N-Q3 gave chances of survival, e.g. 33 Q-K7, R-B2 or 33 Q-K5, Q-Q5.

33 RxR, NxR 34 Q-Q4, R-Q1 35 N-Q5ch, K-N1 36 R-B2, N-B5 37 R-K2

Spassky conducts the decisive attack with engaging simplicity.

37... R-Q3

38 R-KBch K-B2

39 R-KB8ch!

OREGON NEWS

CHESS By Pat Maloney

1971 Oregon Chess Club Championship

This event is tentatively to be held sometime next November or the top of December with an Entry Fee of \$3.00 per team to pay for the 1st Place Trophy. The top six chess clubs in Oregon will be invited to attend a 5 Round Robin to be held over a Saturday and Sunday. Hopefully the site will be Eugene, but the Eugene C.C. has not as yet been asked to host the event.

The invitations to be sent to the top six C.C. will be based on their match record during the year 1971. These matches must be at least 5 boards and played no faster than 30 in 1. However the number of boards over 5 and the number of Rds. played will be left up to the C.C. involved. In the future it is hoped there will be more 10 and maybe even some 20 board matches.

At present chess clubs in Oregon operate on an independent basis, but the Albany C.C. and the Hillsboro C.C. are interested in starting a league. If any chess clubs are interested in league play write this ed.

Here is a list of all known chess clubs in Oregon: Portland C.C., Eugene C.C., Hillsboro C.C., Astoria C.C., Corvallis C.C., Salem C.C., Klamath Falls C.C., Medford C.C. and Albany C.C.

If any C.C. wishes to start planning your match calendar for 1971 please write this ed. and I'll send you the addresses you need for making challenges.

Continued from page 12

The Congress awarded IGM titles to Anatoly Karpov and Buchuti Gurgenidse of USSR and Walter Browne of Australia. IM titles went to 15 Europeans, 1 Argentinian, and at long last to Bernard Zuckerman. Four Europeans became Woman Masters. Ten new FIDE Judges were named, and these standards were relaxed by substituting "four important tournaments" for the words "four international tournaments" in the directing experience expected of the candidate. The usual batch of titles, on motion of their organizations, went to the problemists and the correspondencers.

The Congress programmed future events, including the following:

Men's Olympiad: 1972: Skopje, Yugosl. (Sept)

1974: Moscow

Women's Olympiad: 1972: Skopje

1974: (none; held every 4 yr)

Student Teams: 1971: Mayaguez P.R. July 7
 1972: Switzerland
 World Junior: 1971: Havana, Cuba, Aug. 4
 Pan-American: 1971: Peru
 1972: USA (San Antonio or
 1974: Canada L.A.)
 Pan-Amer. Teams: 1973: Havana, Cuba
 FIDE Congress: 1971: VANCOUVER, Sept. 3
 1972: Skopje, Yugoslavia
 1973: Finland
 1974: Moscow

The Congress did much, much more. Its agenda alone would use two NC pages. You will have supplementary reports by Martin Morrison, Arpad Elo, and others.

The Congress really did too much to tell. It lasted 18 days; meeting time ran 72 hours; 62 (of the 75) FIDE members participated; 85 items were separately catalogued on the agenda; more than 175 pages of mimeographed pages were used for the preliminary reports, minutes, etc. in English (and all is eventually done in 5 languages!) And this says naught of banquets, ceremonies, the Olympiad and its ancillary events, of Spassky's new car, Lombardy's new Mercedes-Benz, or the Beylin-Dubeck match.

A FIDE Congress is a remarkable and inspiring event. Northwest organizers and fans should plan on seeing some of it or on participating in its staging. Ask John Prentice (1337 The Crescent) of Vancouver what you can do.

From Chess Magazine
Twelve monthly
issues \$5.50 from
Chess, Sutton Cold-
field, England.

Two sixteen year old boys, electronics students at the Army Apprentices College near Reading, recently played chess non-stop for 53 hours, being fed whilst playing. Longer sessions have been recorded for individual players taking on relays of opponents but this may be a record for a continuous 2 player series. They played 249 properly recorded games, interspersed towards the end with lightning games.

 Draw. The notes are based on Keene's com-
 ments scrawled on the menu during the final
 banquet.

After being held to a draw in the 3rd round Don Turner went on to sweep the rest of his games and capture first place by ½ point in the Eugene Open held on Dec. 5th and 6th.

An unexpected turnout of 55 appeared including 5 experts. The tourney seemed to run fairly smooth and the 45/2 time limit produced only a couple of time trouble games with no games being lost on time. Turners only draw was with David Knobel, but was the furthestest thing from a commonly known grandmaster draw. This draw lasted for 6½ hours and finally (at yawn) 1:30 A.M. it was agreed upon.

The big game turned out to be Turner-Hoggatt in RD.6 with Turner capturing the victory, the point, and the tournament. The upset of the tournament came in RD.1 with Erik Olsen (1495) beating Ron Cotton (1807) for Cotton's only loss of the tournament!

For first place Don Turner took home \$52.50, 1st. place and a trophy.

D. Jones (2nd Place Trophy), Hoggatt (3rd Place Trophy), Kiplinger, and Cotton (Best A Trophy) divided up \$82 for 2nd, 3rd, and best A. Best B trophy and \$20.50 went to Doug Neubauer. Class C trophy went to Carl Steen and he split \$15 with Bill Ballard. Best Jr. trophy was won by Mike Montchalín and Best High School and under trophy was won by 13 year old James Bricher (a rapidly rising player and one to keep an eye on).

Everyone was courteous and I had few problems with the tournament except when my replacement for my job got sick and I had to work on Sunday morning. My thanks go to Joe Brandenburg and Russell Miller for filling in for me in my absence during RD.4.

My thanks go to Bob Mitchell and Ben Horn for notifying me upon their decision to withdraw from the tournament. Thanks fellas. A special note to Bill Kiplinger and Joe Brandenburg who both went undefeated for the tourney.

International Titles

REGULATIONS CONCERNING THE INTERNATIONAL TITLES OF THE WORLD CHESS FEDERATION (F.I.D.E.).

A. International Grandmaster

- (1) The World Champion.
- (2) Any player who has obtained in an interzonal tournament a result giving him the absolute right of participating in a men's candidates competition, even if, for any reason, he does not take part therein;
- (3) Any other player actually participating in a men's candidates competition who has obtained a minimum of 40% points in a quarter final. The number of points obtained in games which are played after the adversary has gained a winning result are not taken into account at this calculation.

B. International Master

- (1) The Woman World Champion.
- (2) The Junior World Champion.
- (3) Any player who has obtained in a zonal tournament a result giving him the absolute right of participating in an interzonal tournament, even if, he does not take part therein;
- (4) Any other player who has obtained in a zonal tournament a minimum of 66 2/3% of the points;
- (5) Any other player actually participating in an interzonal tournament who has obtained a minimum of 33 1/3% of the points therein;

C. The Awarding of Titles via International Tournaments on the Basis of Merits obtained

For the examination of the merits of candidates for titles, chess tournaments and the results obtained in them are classified as follows:

(1) International tournaments are those comprising at least 10 players coming from federations affiliated to F.I.D.E. with a number of players from one and the same fed. not in excess of a half plus one of the total number of participants in the case of 10 to 12 players, and a half plus two in the case of more than 12.

(2) Division of International Tournaments are as follows according to valuation points:

C1 - 2251 - 2275 v.p.	C9 - 2451 - 2475 v.p.
C2 - 2276 - 2300 v.p.	C10 - 2476 - 2500 v.p.
C3 - 2301 - 2325 v.p.	C11 - 2501 - 2525 v.p.
C4 - 2326 - 2350 v.p.	C12 - 2526 - 2550 v.p.
C5 - 2351 - 2375 v.p.	C13 - 2551 - 2575 v.p.
C6 - 2376 - 2400 v.p.	C14 - 2576 - 2600 v.p.
C7 - 2401 - 2425 v.p.	C15 - 2601 - 2624 v.p.
C8 - 2426 - 2450 v.p.	

(3) Determination of Category of an international tournament is executed in the following manner:

a. For every participant whose name is contained in the current F.I.D.E. list, the number of valuation indicated on this list is put in.

b. For any participant whose name is not contained in the said list, 2200 v.p. are put in.

c. In order to arrive at the tournament category, the total of the numbers of v.p. of all participants is to be divided by the number of participants.

(4) For the Awarding of the Title of IGM or IM the following results are required.

FISCHER WINS AT PALMA DE MALLORCA

DEC 15
Balearic Islands--(AP)--Bobby Fischer of Los Angeles was the top pointmaker in the elimination tourney for the World Chess Championship quarter-finals.

The eliminations ended here over the weekend. Joining Fischer for the quarter-final round, to be played next year at an un-determined site, were Esim Geller and Mark Taimanov of the Soviet Union, Bent Larsen of Denmark, Robert Huebner of West Germany and Wolfgang Uhlmann of East Germany.

Tigran Petrosian and Victor Korchnoi, both Russians, did not have to qualify for the quarter finals.

From these eight will emerge a challenger for defending world champion Boris Spassky, a Russian, for matches to be played in Moscow in 1972.

Samuel Reshevsky of Spring Valley, N. Y., finished 16th in the tourney here and William Addison of New York was tied for 17th.

Mar.2	Spokane, Basin, Valley end play.
Mar.13-14	State Individual Tmt.
Mar. 27-28	State Team Tournament

At the last HSB meeting, the league directors (or representatives) decided upon the 1970-71 schedule. There is one significant change from last year; instead of a Jan.-Apr. schedule, a Dec.-Mar. schedule won the vote. The majority of league directors wanted the chess season to be the same as basketball season.(I was against it.) So pressing was their insistence upon a basketball-pattered schedule, that the State Team Tourney was planned on the same day as the State Basketball(AAA) Tournament. The conflict of these interscholastic events went unnoticed for one week. The Coordinator then found it necessary to change the State Chess Team Tournament to Mar.27-28. Unfavorable TV,Press and radio publicity would fall upon this chess event, if a major interscholastic event hogs the news.(Coordinator) have changed nothing else that you league directors decided upon. I feel the change is necessary for the best interest of prep chess.

Part III: Misc.

Analyzing Some Popular Teams
(by H. Chin)

(cont. from last month)

Everyone's been asking about the good or bad point of the competitors. So in answer to your questions, here is a list of the most frequent of the inquired:

Stadium: Has the strongest Tacoma team, and the best coach, Ron Jarmon. Has the best Tacoma 1st.Board, Will Lowrie. Has the WORST attitude of any team.Lack of intestinal fortitude dilute her virtues. Not rated in Top 10 because of bad attitude.

Roosevelt: Lost 6 varsity men to graduation Has mediocre strength. Overconfident. Will lose Metro and State trophies by March,1971. But has good esprit de corps.

Aberdeen: Fielded some strong teams in 1965 thru '67, but was situated too far from other comparable teams to play many matches. Could make a come back for 1971.

Bothell: Lost 4 lettermen to graduation. Coach"Chris" is training an inexperienced team. Lack of desire. Will lose Kingco trophy by February.

Olympic Jr. Has state's #1 Coach in Bill Lathrop. Has average graduation replacements. Retains 3 lettermen. Lost 1st bd.

O'Dea: Has good 1st Board Dave Anderson. Lost four players. New frosh are weak. Lost good coach Br. Hunt.

Kennedy: Greatly improved. Reasonable experience. Active coach in George Partington. Need of chess theory.

Mt. Rainier: Has good 1st-2nd.boards, Wayne Hatcher and Dave Lester. Other boards are awful. Has joined Puget League.

Redmond: Has excellent 1st. board, Tom Rowan. Team is a Kingco Dark horse.

Brewster: Challenges the traditional,local champ, Wenatchee. Brewster has enthusiasm. Good attitude. Average strength.Good coach.

Lk. Wash. Inspiring coach in Al Varness. Strong 1st-board in Mike Supple. School may go to State. Has a building team,--1972!

Seattle Prep: May get demoralized . Kids at all-boys school laugh at chess heroes. But the coach, Dave Allison, is able.

Montlake Ter. Very good leadership in Captain Larry Willoughby and Coach Bungarmer. 2 bottom boards lack experience.

Rainier Beach: Inconsistent team. Great 1st. board in MarkHamp. May join other leag.

Woodway: Coach Mohn and soph. Captain Bob Leu have an upset-team. The school has potential to take Wesco, but in-experience will give a losing start.

Mariner: Eager for battle, but inexperienced. H. Chin helped start chess at Mariner High, located near his Everett home.

Franklin: Has not won the Metro since 1937. But this year, she's in a serious contention for the Metro trophy. Has really good first board in Gary Yee. He is also the Metro tennis Champion. Franklin has able transfers from Garfield to boostef team's power. Has NEVER won entry to State Tmt.

West Bremerton: Has dominated her local area for the past decade, even though she's never played in a league.

Washington: Has two really fine coaches in Ron Stephens and assistant Bob Henkel.This could be the determining factor.

Interlake: Lost her top two boards as semester transfers. Thus, her strength is cut in half. And her pre-season rating drops out of Top Ten. Tough luck for coach Shian. Interlake will join Wesco League. Can't get along with Corey. (Chris & Chin direct Kingo)

Queen Anne: Has usually dominated her local area. Will dominate Seattle this year, too. Has really ambitious captain in Bob Born; plays 1st board; has leadership qualities. Qu.Anne will probably win State Tournament. She already holds most of the top scoring records AT State!

RUSSELL'S CHESS CHATS

by Rusty Miller

ROBERT (Bobby) J. FISCHER of USA won 1970 Interzonal Tournament held a Palma de Mallorca, Spain with a great 18½-5½ score 3 (!) points ahead of the field. FISCHER won 15 games drew 7 and lost only to BENT LARSEN. The other players to qualify for Candidates matches are ROBERT HUEBNER of West Germany, EWFIM GELLER of USSR and BENT LARSEN of Denmark all scoring 15-8 plus WOLFGANG UHLMANN of East Germany and MARK TAIMANOV of USSR who scored 14-9. FISCHER it appears was out to win the tournament from the start by as big a margin as possible. His draws were with champ of USSR LEV POLUGAEVSKY, ZERQUERA JIMINEZ of Cuba TUDEV UITEMAN of Mongolia, HUEBNER, MILAN MATULOVIC of Yugoslavia, RENATA NARANJA of Philippines and LAJOS PORTISCH of HUNGARY. 1st prize was \$1,450.00. The pairings for Candidates Matches are former World Champion TIGRAN PETROSIAN of USSR versus HUEBNER, VICTOR KORCHNOI of USSR versus GELLER, FISCHER versus TAIMANOV and LARSEN versus UHLMANN. USCF plans to hold FISCHER-TAIMANOV match in the USA. All the top six finishers at Interzonal were grandmasters except HUEBNER and now he will have the title also. Other scores from Interzonal: PORTISCH and VASSILY SMYSLOV of USSR 13½; SVETOZAR GLIGORIC of Yugoslavia and POLUGAEVSKY 13, OSCAR PANNO of Argentina and HENRIQUE MECKING of Brazil 12½; VLASTIMIL HORT of Czech. 11½; BORISLAV IVKOV of Yug. 10½; DRAGOLJUB MINIC and DUNCAN SUTTLES of Vancouver B.C. 10; SAMUEL RESHEVSKY of USA 9½; MATULOVIC and WILLIAM ADDISON of USA 9; NARANJA and DR. MIROSLAV FILIP of Czech. and UITEMAN 8½, JORGE RUBINETTI of Argentina 6, and JIMINEZ 5½.

38th USSR Championship after 10 rds finds TUKMAKOV in lead with 7 and KORCHNOI at 6½ plus 1 adj. Event is quite weak this year compared to past years event. 8th Rubinstein Memorial was won by SMEJKAL of Czech. with 11½-4½. It was a 11a event so he now has a leg on Grandmaster title. I. SAIZEV of USSR was 2nd 10½ which with a similar result previously gives him the International Master title. BELJAVSKIJ of USSR won an International Junior event. LJUBOJEVIC of Yug also won International Junior event.

ROBERT HUBNER of the city of Cologne, West Germany won a 11a event at Sombor with 12½-2½, a Grandmaster result which would have had to be repeated to be awarded the title but gets it for qualifying to Candidates. JANAS of Czech and KUPREITSCHIK of USSR were 2nd at 10½. DUNCAN SUTTLES finished in 8th place 7½. BENT LARSEN won the 1a event at VINKOVCI, Yug. with 10½-4½. This event was held just after Olympiad. FISCHER had planned to play but backed out. SUTTLES was to take his place but could not so WELIMIROVIC of Yugoslavia was allowed to play and scored 9½, 2½ points above that needed for International Master title and only ½ point below that needed for Grandmaster. DAVID BRONSTEIN of USSR, GLIGORIC and HORT tied for 2nd with 10. PETROSIAN finished 6th with 9 the same as TAIMANOV.

DAMJANOVIC, MATANOVIC both of Yug plus HECHT of E. Germany won with 9½-5½, a 11a event Bad Pyrmont 1970. VERECZI of Hungary won a Womens event at Sofia 7 - 3. 265 players took part in American Open in Santa Monica with the clear winner Grandmaster ROBERT BYREN with 7½-½, he drew with ROBERT NEWBOLD. At 6-1 were Grandmaster WALTER BROWNE and JIM TARJAN. Grouped at 6½-1½ were ANTHONY SAIDY, our own JAMES MCCORMICK, KEN SMITH of DALLAS (Editor of CHESS DIGEST) KIM COMMONS, JOHN GREFE, JAMES ULRICH, and CHANDLER YERGIN. CURT BRASKER, RICHARD VERBER and ED FORMANEK all scored 6-1 to top 1970 Illinois Open, 84 players in the top section. FORMANEK got a free point in last round. (from Vol 6 No. 3 Illinois Chess Bulletin) "Just as

the final round was starting, HARRY PLOSS "demanded" of me (TD FRANK SKOFF) that his pairing (vs FORMANEK) be changed, arguing that he really had a 2203 rating, not yet published, rather than the published one that had been used in the preceding six rounds (2176); consequently, the pairing was incorrect. I refused to change it because (1) the rules call for using the last published rating; (2) also his 2176 rating had been used for the previous six rounds without any objection on his part. I asked him to play the game with FORMANEK of the good of the tournament but he declined.... Such a catastrophe obviously made shambles of the last round, at least among the top players. As a result of his unwarranted refusal to play, PLOSS is barred from any future tournaments sponsored by the Chicago Chess Foundation for a period of two years.. 1970 North Central Open held Thanksgiving in Milwaukee was won by Greg DeFotis and O. Popovych 6½-½.

TO USE USCF RATINGS OR NOT FOR NORTHWEST EVENTS

By WCF President
Russell W. Miller

The USCF Official Handbook says to list players in USCF Tournaments by their published USCF ratings. I asked E.B. Edmondson Executive Director of USCF if we have been breaking the rules in the Northwest by using Northwest Ratings for pairings and prizes in Northwest area events. He did not answer this directly but did suggest something that is used by other regions. "Specifically, USCF ratings to be used whenever they are established, Northwest ratings to be used if they are established in cases where USCF ratings are not. Since Northwest ratings are produced more frequently, it is likely that newcomers will have published Northwest ratings before they have published USCF ratings." Reasonable idea but the word "established" rating needs to be decided upon. My USCF & Northwest Rating are well established based on a large number of games. But young players or other new players to tournament chess need to establish a rating. Takes a lot longer to get a number of games rated and published by USCF than by our Northwest Rating system. Mr. Edmondson says "the biggest lapse found in calculation and publication of USCF ratings is the delay introduced by late submission." This may be true and I feel Northwest has been doing a very good job of late of sending in the reports. But players who took part in Northwest Open will read their Northwest Rating caused by their playing in that event in January issue of NWC but it will be the April issue of CL&R, for USCF rating of that event. There is something to be said for Sally Pupols suggestion that players be allowed to play with the same rating for a longer period of time, which is the case with using USCF ratings. Hope someone with time and an interest in statistics will write an article for NWC on differences in Northwest Ratings & USCF ratings for Northwest players. I suggest that tournament directors use which ever rating is higher if a player has both. Some people claim that Northwest Ratings are 100 points higher than USCF ratings. Editor of Chess Scribe has a rating system started with a large number of classes not having the large point spread of USCF & NW Ratings. He charges the same rate as USCF but no membership is required. Hope this article will lead to others by other Northwest Chess readers.

At Large

K. Byrne defeated Berkeley master John Grefe in the final round of the American Open to win clear first with 7½. With 7 were Browne and Tarjan. At 6½ Grefe, K. Smith, Saïdy, Ulrich, Commons, Yergin, and McCormick of Seattle! Players at 6 included Weinburger, Gross, Newbold, Blackstone, Lessing, Ervin, Stoutenborough, and Waterman. Dalbergs, Osburn, and Cal. State Champion Henin were among those with 5½.

In round 4 Newbold (National HS Champ) drew with I.G. Byrne and Waterman (now of Berkeley, if you were wondering) drew with I.G.M. Browne (or should I say hung on for 80 moves and 8 hours--we agreed to a draw at 3:20 AM). The next morning Old man McCormick of Seattle drew with I.G.M. Browne. That game was a fairly exciting looking encounter which (however) neither participant would give me the score of. McCormick also drew with K. Smith in the last round (the very last game to be completed).

I am currently playing a match with J. Grefe. After 5 games the score is 3-2-4 draws and the following game.

Black embarks on a weak plan. His kingside is overextended and his queenside pieces are too tangled to aid in the 'attack'.

And after White's next move Black resigned. I'll give the move later in case someone enjoys the challenge. (It is mate in 5)

R. Byrne and L. Evans scored 5½-½ to win this year's Continental Open. Saïdy had 5 for third. It was undoubtedly the strongest week-end Swiss ever with masters beyond count. Among those with 4 were Dalbergs, Waterman, and I.G.M. Browne. (Browne lost to both Evans and Byrne).

Eugene Warner won the North Central Washington Open with a score of 4-0. Tying for second were Horton Thompson and Owen Rasmussen from Wenatchee. Horton Thompson, the "grandfather" of the tournament at 86 years of age excelled in playing steady chess, and probably brought back memories of his more "successful" years. Mr. Warner, after picking up his \$18.45 in prizemoney, commented that it was one of the best tournaments he had played at because of the excellent playing conditions. Free pop and sandwiches were supplied in an almost over-abundance. The notable upset occurred when Marc Warner (6 years old) defeated Tom Allyn (currently rated 1555 and is 8 years old). The tournament director was John Wise who found it difficult against Walter Nawrocki (1690) from Wenatchee and accepted a draw. It was too bad, however that there were only 12 players when the Brewster Chess Association put out such a marvelous advertising campaign. The BCA is now looking forward to spring, when a much larger tournament is expected to be held.

W.C.F. BULLETIN

Willie Shubi re-submitted Sam Mc Fibbon's name for approval as WCF Tournament Director. He was appointed by a vote of 9 in favor, one against. This brings the Board of Officers to full strength, with all WCF offices filled.

Willie Shubi	Basey Nyman	Vic Koiser
Dusty Miller	Angus Pitt	Norm Hardy
Howie Chin	Ron Norman	Stuart Lidale

All those above voted yes. Kathy Miller voted no.

RENEW!

STOLEN FROM " ILLINOIS CHESS BULLETIN " Vol 6 No. 3 (modified to fit a NW player)

CAPTURED.... ONE RAMPANT KNIGHT

Sooner or later, I suppose, it had to happen. He has been just happily hopping from square to square ----- footloose and free (as a true Rampant Knight should be). Then PAT HERBERS leaped way over to the square on the chessboard known as Lynnwood....there to finally meet his in-avoidable fate -- CAPTURE (by a pretty Queen named JEAN HAA5.)

What could PAT do? He did what any red blooded Knight would do... he meekly stopped his clock, resigned without a struggle and will be married January 30th. So, one more Rampant Knight has been tamed, tied and tethered! Their future plans? To live happily after and eventually add a few bouncing little Pawns to the HERBERS clan!
